

UNIVERSAL LAUNDRY POWDER – highly effective professional laundry detergent designed for universal use on a wide range of fabrics. Active ingredients with enzymes penetrate deep into the fibers to effectively remove stains and dirt even at low temperatures. Leaves laundry fresh, clean, and pleasantly scented.

INSTRUCTIONS FOR USE:

Sorting Laundry:

Sort textiles by color (white, colored, dark) and by the recommended washing temperatures indicated on the care labels (including 95 °C washing, which is intended for durable textiles such as towels, bed linens, or kitchen cloths requiring maximum hygiene).

Detergent Dosage:

Use a measuring cup to measure the correct amount of laundry powder based on the degree of soiling and water hardness.

Preparing the Washing Machine:

Place the laundry into the washing machine drum. Pour the laundry powder into the washing machine dispenser.

Setting the Washing Machine:

Select an appropriate washing program and set the temperature according to the care label instructions (e.g., 30 °C for delicate fabrics, 60 °C for white cotton laundry, 95 °C for textiles requiring intensive cleaning).

Starting the Wash Cycle:

Turn on the washing machine and let the washing cycle complete.

Post-Wash Care:

Once the washing cycle is complete, remove the laundry from the washing machine promptly to prevent dampness. If necessary, use a dryer in accordance with the care label instructions.

Danger:

- Contains: Sulfuric acid, mono-C12-18-alkyl esters, sodium salts, Silicic acid, sodium salt.
- H315 Causes skin irritation.
- H318 Causes serious eye damage.
- P101 If medical advice is needed, have product container or label at hand.
- P102 Keep out of reach of children.
- P264 Wash hands thoroughly after handling.
