## SR09 – STAIN REMOVER

SACSLAB™

**STAIN REMOVER** – highly effective cleaning agent designed for the quick and efficient removal of stubborn stains from various textile surfaces. Ideal for use on carpets, seat covers, upholstery, and other fabrics.

### INSTRUCTIONS FOR USE:

Spray directly onto the stained surface. Test on an inconspicuous area before use to ensure the material is not damaged. Let it sit briefly (a few seconds), then wipe with a clean, dry cloth or rinse with water. Repeat if necessary.

### WARNING:

- Keep out of reach of children.
- A safety data sheet is available upon request.

### Composition according to (EC) No. 648/2004:

- Less than 5 % anionic surfactants, non-ionic surfactants, phosphates, perfumes.

### RECOMMENDED USE:

Apply as needed based on the degree of soiling to achieve optimal cleaning performance.

### STORAGE:

Store at a temperature of 5–30 °C. Protect from direct sunlight. Use by the date indicated on the package.

### SPECIFICATION:

VOLUME	PACKAGE COLOR	FRAGRANCE	CONTENT COLOR
10 L	turquoise	unscented	colorless
500 ml	turquoise	unscented	colorless
